

OnSight's Covid-19 Protocol & Response

We are all in this together.

The safety of each and every patient is our #1 priority. Out of an abundance of caution for our patients and team, we have the following measures in place:

Patient & Staff Pre-Screening

All patients and OnSight staff will be screened for COVID-19 symptoms prior to entering the exam location.

Limited Capacity

In keeping with CDC recommended social distancing protocols, patients and team members will be kept to a minimum per event.

Pre-Registration:

All patients must pre-register for the appointments. We will work with the employer to implement a pre-registration and scheduling system.

Contactless Payments & Forms

All patient forms and payments will be accepted via contactless methods.

PPE

You will see Personal Protective Equipment worn by our OnSight Eyes staff at events.

Sanitization

OnSight Equipment and work stations will be sanitized between each exam.

Let's be safe together and get you back to seeing your best!
