OnSight Eyes announces strategic partnership with Jet Dental to offer employers the convenience of on-site dental and eye care for their employees. Like most routine preventative care, dental and eye exams may detect early indicators of potentially dangerous health care issues. This partnership allows us to work directly with employers to improve employees' overall health and well-being.

"The OnSight Eyes – Jet Dental Partnership gives employers the opportunity to deliver excellent convenience of care options to their employees. By working together we are helping expand access to, and increase engagement with high-quality health care right inside of their office." Said Ben Krysiak, OnSight CEO.

On-site services help drive savings and employee engagement in a number of ways: reduced absenteeism, improved retention and prevention of advanced disease stages. Despite the pandemic, Jet Dental and OnSight Eyes have been able to safely and consistently deliver on-site health care services.

"Jet Dental is thrilled to partner with OnSight Eyes. Jet Dental's mission is to make it easy for people throughout the country to get great oral health. This partnership enables us to provide a more holistic approach to improving the quality of life for employees in corporate America." Said Jordan Smith, Jet Dental President.
